LUNA

MADRIX® LUNA is an easy-to-use and reliable Art-Net node or DMX512 USB interface.

3 versions are available:
LUNA 4
LUNA 8
LUNA 16

Made in Germany.

USD 975
USD 1,350
USD 2,100
(excluding VAT)

The MADRIX® LUNA reliably distributes DMX512 data over long or short distances using Ethernet network or USB. The exclusive MADRIX® Sync Mode makes sure that lighting effects look their best on the LEDs.

Art-Net Node
This device converts Art-Net data from Ethernet network to DMX512. Any small or large project greatly benefits from dependable data distribution and efficient operation.

MADRIX® DMX512 USB Interface
Alternatively, you can choose to connect the unit as a Plug and Play solution to your computer using any USB 2.0 port.

Easy Configuration
MADRIX® LUNA offers powerful features, especially in combination with MADRIX®. Take full advantage of pixel mapping and voxel mapping. The installation of the device is still quick and easy.

Quality Design
Devices are built 19″ x 1U or 19″ x 2U. They feature a fanless, low-energy design, a durable metal case, and NEUTRIK plugs. 2 pre-mounted brackets make rack mounting possible. 5 indicators quickly show the status of a device.

4/8/16 DMX-OUT + 1 DMX-IN
4, 8, or 16 XLR ports (5-pin, female) distribute the equal number of DMX universes per unit. 1 XLR port (5-pin, male) can be used for DMX input. Simply use several units at the same time for larger projects.

MADRIX® Sync Mode
Only MADRIX® software and LUNA hardware allow you to synchronize Art-Net data for all output ports and even across multiple devices to get an optimal image on the LEDs without visual interruptions.

3rd-Party Controllers
MADRIX® LUNA complies with the official Art-Net specifications and can be used as a regular Art-Net unit with other consoles, controllers, or software solutions.

Invaluable Features
The device is ready within seconds after start-up. An HTP Merge is automatically available for two Art-Net sources. If required, you can access and change specific device settings using the built-in web configuration tool.

Connectivity
- 4x/8x/16x DMX-OUT
- 1x DMX-IN
- 1x RJ45 Ethernet Port
- 1x USB Port
- 1x Power Socket

Package Contents
- MADRIX® LUNA
- Power Cord
- USB Cable
- MADRIX® Software (License Not Included)
- 2 Mounting Brackets
