Aluminum Extrusion

Part # SE-SF001_2

Description

Mount your linear lighting cleanly with the SIRS-E® SE-SF001_2 aluminum extrusion. Featuring a ultra-compact 0.67 x 0.31 in. (17 ×8 mm) profile, this channel supports surface and recessed mounting in 39 in. and 78.7 in. (1m and 2m) lengths. As a result, you get smooth light diffusion and durable thermal protection for 12V and 24V LED tape setups.

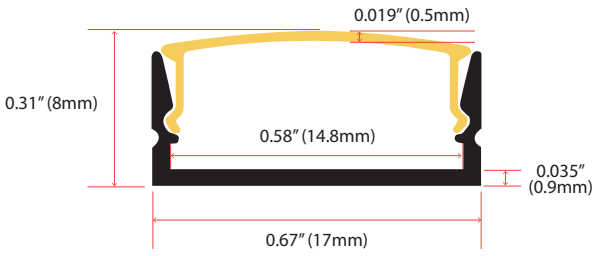

RoHS | CE | SGS | 2 Year Warranty

UV Resistance | IP20 | Strip Cutting | 12/24V

Product Specifications

Part Number	SE-SF001_2	Extrusion Length	39 in. / 78.7 in (1 m / 2 m)
Extrusion Material	Aluminum	Installation	Surface / Recessed
Diffuser Material	PC / PMMA	Environment	IP20
Diffuser Finish	Milky (Stock)	Warranty	2 Year
	Clear / Frosted / Black (Special Order)	Certifications	CE / RoHS
Extrusion Size	0.67" x 0.31" (17 x 8 mm)	LED Strip Compatibility	12 / 24 V
PCB Width	0.58" (14.8 mm)
